

Description: Flocklined nitrile gloves,15 mil

- Features & Benefits:
- * Pure cotton lining to absorb perspiration
 - * Anti-slip pattern for good grip in wet and dry conditions
 - * Free of extractable proteins
 - * Compliance with FDA regulations for use in repeated contact with food
 - * Biodegradation with nanomaterial technology
 - * Ability to biodegrade in both aerobic and anaerobic conditions
 - * Biodegradation rate of 33% within 6 months as per the testing done against ASTM D5511
 - * Biodegradation rate of 35% within 3 months as per the testing done against EN 14855
 - * Predicted complete biodegradation less than 2 years when disposed in landfills

Applications: Aerospace and Automobile Industry, Food Industry, Industrial Cleaning, Petrochemical Industry, Printing Industry, Facility maintenance

Elastomer: Nitrile rubber

Thickness: 0.38 +/- 0.05 mm

Lining: Flocklined

Former: Honeycomb, CIH

Exterior: Finished smooth

Cuff Types: Straight

Treatments: Chlorinated

Colours: Green G33

AQL - Critical: 1.5

Major: 4

CE Certification: Conforms to PPE Regulation EU 2016/425 to (Simple Design) Personal Protective Equipment after assessment internally at DPL's ISO 17025 Accredited Laboratory

Conforms to:

Physical Dimensions:	Size	Palm	Wrist	Cuff	Length
	7-7.5	203	203	250	300
	8-8.5	218	216	260	300
	9-9.5	228	232	293	300
	10-10.5	239	240	296	300
		Circumference in mm, +/- 10 mm		Tol. +/- 10 mm	

Shelf Life 3 Years
